3. Nature of Award

The primary purpose of this Subaward is to provide funding to the Subgrantee to deploy, operate, and maintain broadband network infrastructure capable of providing Qualifying Broadband Service to the specific unserved Broadband Serviceable Locations (BSLs), underserved BSLs, and/or eligible Community Anchor Institutions (CAIs) identified within the Project Funding Area(s) detailed in the Subgrantee's approved Application (Attachment 2) and Exhibit A (Project Description and Scope of Work).

This Project must provide Qualifying Broadband Service meeting the following minimum technical standards, consistent with the BEAD NOFO and the CNMI BEAD Initial Proposal, to all BSLs and CAIs identified in the Application:

- **For End Users (BSLs):**
 - Reliable Broadband Service with (i) a speed of not less than 100 Mbps for downloads; (ii) a speed of not less than 20 Mbps for uploads; and (iii) latency less than or equal to 100 milliseconds.
- **For eligible Community Anchor Institutions (CAIs):**
 - Reliable Broadband Service with (i) a speed of not less than 1 Gbps for downloads and 1 Gbps for uploads (symmetrical); and (ii) latency less than or equal to 100 milliseconds.

The Subgrantee shall perform a standard installation of Qualifying Broadband Service at a standard installation charge within ten (10) business days after the date on which a service request is submitted by an End User or eligible CAI located within the Project area(s) covered by this Agreement. Specific performance metrics related to installation and service provision are further detailed in Exhibit R (Performance Measures).

It is understood and agreed by the parties that, because the CNMI BEAD Program involves federal funding and evolving technological standards, certain requirements, such as reporting obligations or performance metrics, may change over time consistent with NTIA guidance and applicable law. The Subgrantee shall remain obligated to comply with the current and future requirements of the BEAD Program and this Agreement throughout the Grant Agreement Term, including through the Closeout Date.

Furthermore, certain obligations, including but not limited to those related to property standards (Section 8.02), service availability, low-cost broadband service options (Section 6.02), reporting (Section 12), and ensuring continuity of service, shall survive closeout and remain in force during the Federal Interest Period.

BPD may, consistent with 2 C.F.R. § 200.333 and NTIA guidance (including the UGPN), structure this Subaward as a fixed-amount subaward if the Project scope has specific measurable performance goals and adequate cost, historical, or unit pricing data is available to establish a fixed amount award based on a reasonable estimate of actual cost. If this Subaward is designated as a fixed-amount subaward, the specific performance-based milestones that the Subgrantee must achieve to earn payments will be detailed in Exhibit S (Fixed-Amount Subaward Milestones). BPD retains the right to monitor progress towards these milestones regardless of the subaward type.

Subgrantees must consult the most recent BPD and NTIA guidance on the waiver's applicability and will be informed of its current status by BPD.
 - b. **Encouraged Efforts:** Subgrantees are still encouraged to make every effort to Build America, Buy America whenever possible.

- c. **Compliance Responsibility:** If the waiver expires or is inapplicable, the Subgrantee is fully responsible for ensuring compliance for all procurements using Award Funds (including Matching Funds). Failure to comply may result in enforcement actions or disallowance of costs. Subgrantee must maintain documentation demonstrating compliance or waiver applicability.
- 4. **Public Awareness:** The Subgrantee shall conduct public awareness campaigns consistent with Section 6.02(g) and the BEAD NOFO. Campaigns must highlight the value of broadband, information on the Low-Cost Broadband Service Option and affordability programs (like ACP), and be conducted equitably, non-discriminatorily, and in appropriate languages.
- 5. **Personnel Qualifications:** The Subgrantee must secure personnel and/or contractors with the necessary qualifications, licenses, and experience. Subgrantee, its employees, and its contractors/subcontractors must be licensed under all applicable laws and provide proof to BPD upon request.

4.02 Budget:

- 1. **Total Project Budget:** The maximum Federal BEAD Grant Funds awarded, and the Subgrantee's Required Non-Federal Matching Funds are established in the approved Application and detailed in Exhibit B (Source of Funds Schedule).
- 2. These amounts are from the approved Application (Attachment 2) and detailed in **Exhibit B (Source of Funds Schedule)** ("Budget").
- 3. **Budget Detail and Monitoring:** The Subgrantee must ensure the Budget (Exhibit B) provides sufficient detail for BPD to monitor performance and meet BEAD Program rules for disbursement of Grant Funds. BPD may require more detailed information in a timely fashion.
- 4. **Davis-Bacon Act Applicability:** If the Budget includes another source of federal funds (beyond BEAD) requiring Davis-Bacon Act compliance, the Project Budget must be based upon the required wage levels.
- 5. **Budget Changes and Transfer of Funds:** Subgrantee must report deviations and request prior written approval from BPD for program- and budget-related changes per the USDOC Standard Terms and Conditions and Uniform Guidance (2 C.F.R. § 200.308), including:
 - a. Any change in the scope or objective of the Project.
 - b. Changes in key personnel.
 - c. Disengagement or a 25% reduction in time devoted to the Project by the approved project director or principal investigator.
 - d. Transfer of funds budgeted for participant support costs to other categories.
 - e. Undertaking any subaward, transferring, or contracting out of work not approved in the Application, unless made in accordance with 2 C.F.R. § 200.308(c)(6).
 - f. The need for additional federal funding.
 - g. Transfer of funds budgeted for indirect costs to absorb increases in direct costs, or vice versa, if prior approval is required.
 - h. Transferring funds between construction and non-construction work.

4.03 Performance Measures:

Achievement and compliance will be evaluated based on the Application (Attachment 2), Exhibit A (Project Description and Scope of Work), metrics in Exhibit R (Performance Measures), and completion of milestones in Exhibit S (Fixed-Amount Subaward Milestones). Failure to substantially meet these measures may result in enforcement actions (Section 4.03(g), Section 11.04).

1. Specific Performance Metrics (See Exhibits R & S):

- **Deployment Milestones and Deadline:** Must achieve specific milestones by the dates set forth in Exhibit S (Fixed-Amount Subaward Milestones).
- **Mandatory Project completion (construction and service provision)** must occur not later than four (4) years after the Grant Date, unless BPD/NTIA grant an extension. Timely achievement of Exhibit S (Fixed-Amount Subaward Milestones) milestones is the basis for payment under a fixed-amount Subaward.
- **Broadband Service Standards:** Network must be capable of, and Subgrantee must offer, Qualifying Broadband Service meeting or exceeding the minimum speed and latency requirements (100/20 Mbps, ≤ 100 ms for BSLs; 1 Gbps symmetrical, ≤ 100 ms for CAIs) to all specified locations. Compliance shall be verified through Subgrantee speed and latency testing, conducted annually during the Period of Performance, pursuant to the methodology detailed in Exhibit R (Performance Measures). To achieve compliance, at least eighty percent (80%) of all measured download speeds must be at or above eighty percent (80%) of the required download speed, and eighty percent (80%) of all measured upload speeds must be at or above eighty percent (80%) of the required upload speed. Additionally, ninety-five percent (95%) of latency measurements during testing windows must fall at or below 100 milliseconds round-trip time. Data, including detailed per-location files, must be reported to BPD and retained for the Federal Interest Period.
- **Installation Timeframes:** Standard installation must be performed within ten (10) business days of a valid service request (Section 3, Exhibit R (Performance Measures)).
- **Network Reliability and Outages (Availability):** The Subgrantee shall ensure network availability such that network outages shall not exceed, on average, forty-eight (48) hours over any 365-day period (corresponding to 99.45% annual uptime), except in the case of natural disasters or other force majeure occurrences. This calculation shall **exclude standing maintenance windows** published on the Subgrantee's Network Management Practices page and scheduled maintenance announced to affected customers in advance. Compliance is measured annually via metrics detailed in Exhibit R (Performance Measures) once the network is operational.
- **Conduit Access:** Projects involving underground fiber/conduit must include interspersed conduit access points and deploy a reasonable amount of excess conduit capacity for unaffiliated entities, consistent with BEAD NOFO.
- **Reporting:** Subgrantee must submit timely and accurate reports per Exhibit G (Reporting Requirements List & Compliance Documentation) and BPD/NTIA mandates.

2. **Climate-Hardened Underground Fiber Deployment:** Performance measures require the deployment of a climate-hardened, primarily underground, end-to-end fiber optic network designed to withstand local environmental conditions (e.g., typhoons), consistent with the Application and Exhibit A (Project Description and Scope of Work). Any significant deviation requires prior written modification approval (Section 13.03).
3. **Monitoring:** BPD will conduct ongoing monitoring (desk reviews, site visits, inspections, record review) of the Subgrantee's activities and progress towards Performance Measures and milestones. BPD provides reasonable advance notice (typically 14 days). Subgrantee must make all relevant records, data, personnel, and sites available upon request. BPD retains the right to monitor performance and compliance throughout the performance period and Federal Interest Period, even for fixed-amount subawards.
4. **Inspection and Testing of Materials:** Materials/equipment must undergo adequate inspection and testing by the Subgrantee to industry standards. Construction methods must be technically sound and utilize approved materials. Documentation must be retained and made available to BPD.
5. **Final Acceptance Inspection:** Upon (i) construction completion, (ii) correction of deficiencies identified by the certified professional engineer, and (iii) meeting all Project Completion Criteria (Exhibit J), the Subgrantee submits written certification and requests final acceptance. BPD, potentially with NTIA, will conduct a final inspection before final acceptance and closeout.
6. **Energy Efficiency:** Subgrantee shall apply design principles, where feasible, to reduce pollution, energy costs, and optimize lifecycle costs.
7. **Compliance and Enforcement:** Failure to comply with any requirement may result in enforcement action. BPD will typically provide written notice and a cure period (e.g., thirty (30) days). Failure to cure gives BPD discretion to take enforcement actions as detailed in Section 11.04, including: requiring additional monitoring/assistance; reducing, withholding, or requiring repayment (clawback) of Grant Funds; suspension/termination; and/or prohibiting future CNMI BEAD Program eligibility.
8. **Mandatory Non-Compliance Reporting:** The Subgrantee shall be responsible for reporting any non-compliance with the performance standards set forth in Exhibit R (Performance Measures) (including download speed, upload speed, latency, or availability thresholds) to BPD within fifteen (15) days of completing the measurement cycle or failing to meet the availability benchmarks. This report must detail the nature of the non-compliance and outline the Subgrantee's proposed remediation plan, which BPD may approve or modify.

4.04 Implementation/Construction Measures:

1. **Notice to Proceed with Pre-Implementation Activities (NTPPIA):** Required before Subgrantee commences implementation activities or Grant Funds are disbursed for such activities. Contingent upon meeting Section 4.01.2(a) conditions (Exhibit C (Evidentiary Materials List), initial EHP steps underway). NTPPIA authorizes pre-construction activities (e.g., final design, permitting, EHP consultations). Undertaking activities beyond those permitted, prior to NTPC, is at Subgrantee's own risk.

2. **Changes to Project Scope:** Following EHP review, any material change requires prior written approval from BPD (Section 13.03). BPD will consult with NTIA as necessary.
3. **Notice to Proceed with Construction (NTPC):** Required *after* NTPPIA and satisfaction of all remaining conditions (Section 4.01(b)) before commencing any physical construction or ground-disturbing activities. Requesting an NTPC requires providing BPD copies of all required permits (including those via CNMI One-Start), pole attachment agreements, finalized LoC/Bond, proof of UCC-1 filing, and evidence of necessary easements.

Grant funds may only be requested for construction costs incurred *after* receiving the NTPC.

4. **Engineered Design Requirements:** Designs must follow BPD guidelines and industry best practices and include certifications/checklists (Exhibits O, P, Q). Final designs submitted for construction payment requests must be prepared under the review and certification of a licensed Professional Engineer (P.E.) or a qualified degreed engineer accepted by BPD.
5. **Requirements During Construction:** Subgrantee responsibilities include:
 - a. Ensuring adherence to deadlines (Exhibit S (Fixed-Amount Subaward Milestones), four-year completion).
 - b. Actively monitoring progress (including contractors/subcontractors) to ensure conformance to plans/standards.
 - c. Submitting timely and accurate progress reports (Exhibit G (Reporting Requirements List & Compliance Documentation)).
 - d. Providing for adequate inspection/quality control; obtaining/maintaining permits and clearances (utilizing CNMI One-Start).
 - e. Promptly paying all eligible costs using Award Funds.
 - f. Monitoring contractors'/subcontractors' compliance with all applicable requirements (safety, labor, environmental).
6. **Network Resiliency, Hardening, Disaster Recovery, and Maintenance:**
 - a. **Network Resiliency and Hardening:** Subgrantee must comply with industry-standard practices appropriate for the CNMI environment, particularly regarding typhoon preparedness and climate resilience. This includes adherence to standards like Telcordia Blue Book and applicable FEMA guidance. The network design must align with CNMI-specific hazard mitigation plans and BPD directives. Any inability to meet BPD-mandated standards requires a clear written explanation and alternative mitigation proposal for BPD approval.
 - b. **Disaster Recovery and Preventative Maintenance Plans:** Prior to network operation, the Subgrantee must develop, submit, and receive BPD written approval for a comprehensive Disaster Recovery Plan and a detailed Preventative Maintenance Plan, per CNMI BEAD Program Procedures.
7. **Safety Compliance:** Subgrantee must ensure compliance with all applicable safety standards, including current editions of the National Electric Code (NEC) and the National Electrical Safety Code (NESC). Subgrantee must also comply with any CNMI-specific utility rules, including CUC pole attachment safety guidelines; if unavailable, NESC guidelines must be followed.

8. **Public Notice/Acknowledgement:** Encouraged to post signage at project sites and include public acknowledgements (using the "Investing in America" emblem where appropriate) that activities are funded by the BEAD Program under the IIJA.

4.05 Certification - Subaward Completion:

The Subgrantee must certify in writing to BPD at the end of the Period of Performance that the broadband infrastructure project was completed and placed into service (as defined in 47 U.S.C. § 1702(h)(4)(C)) by the end of the established Period of Performance, pursuant to federal requirements (2 C.F.R. § 200.201(b)(4)) and NTIA guidance. This certification is a prerequisite for Project closeout (Section 12.04).

4.06 Default and Termination:

1. **Termination Due to Changed Circumstances:** Significant changes in Federal/CNMI law or regulations, or in the availability of funds (including NTIA/USDOC suspension/termination of the BEAD grant to BPD), are grounds for good faith renegotiation (Section 13.03). If renegotiation is unsuccessful, either party may terminate upon thirty (30) calendar days' prior written notice.
2. **Termination for Convenience:** BPD may terminate, in whole or in part, for convenience upon thirty (30) calendar days' prior written notice to the Subgrantee. Prior to the first disbursement of Grant Funds, either party may terminate, with or without cause, upon thirty (30) calendar days' prior written notice.
3. **Termination for Cause (Default):**
 - a. **Events of Default:** Include, but are not limited to:
 - i. Failure to fulfill in a timely and proper manner any material obligation, covenant, or requirement, including failure to meet critical Performance Measures (Exhibit R) or Deployment Milestones (Exhibit S (Fixed-Amount Subaward Milestones)) without an approved extension.
 - ii. Material breach of any representation or warranty.
 - iii. Failure to comply with applicable Federal, CNMI, or local laws, regulations, or grant conditions.
 - iv. Failure to comply with an approved corrective action plan.
 - v. Failure to maintain the required Letter of Credit/Performance Bond or necessary insurance coverage.
 - vi. Misuse or unallowable expenditure of Award Funds.
 - vii. Failure to submit required reports accurately and timely, or failure to maintain required records.
 - viii. Insolvency or commencement of bankruptcy proceedings.
 - ix. Failure to comply with BABA requirements (if applicable/not waived) or other material procurement standards.
 - x. Any other material breach of this Agreement.

- b. **Notice and Cure:** Upon a default, BPD typically provides a written Notice of Default specifying the nature of the default and demanding a cure within thirty (30) calendar days ("Cure Period"), or a longer period as specified by BPD.
- c. **Termination Procedure:** If the Subgrantee fails to cure within the specified Cure Period, BPD may terminate the Agreement in whole or in part, effective immediately upon receipt of notice or on a specified later date. BPD reserves all other rights and remedies (Section 11.04).
- d. **Consequences of Termination:**
 - i. **Cessation of Work:** Subgrantee must immediately cease work (unless directed otherwise), protect Project Property, and cancel outstanding commitments.
 - ii. **Property and Records Disposal:** Project Property and prepared documents/records must be accounted for and disposed of/transferred as directed by BPD, consistent with federal property management regulations (2 C.F.R. §§ 200.311-316) and Exhibit M (Documentation of Federal Interest in Property).
 - iii. **Final Payment:** BPD's payment obligation is limited to the allowable, eligible, and documented costs for satisfactory work performed and accepted prior to termination, subject to funds availability and BPD's right to offset/withhold payments. BPD is not liable for costs incurred after termination, lost profits, or consequential damages.
 - iv. **Subgrantee Liability:** Termination does not relieve Subgrantee of liability for damages sustained by BPD/CNMI resulting from the breach or default.
 - v. **Payment Withholding/Offset:** BPD may withhold payments due to Subgrantee under this or any other agreement with BPD/CNMI to protect BPD's interests or ensure compliance.
 - vi. **Other Remedies:** Termination for Cause may trigger other remedies (e.g., clawback) outlined in Section 11.04.
- 4. **Stop-Work Orders:** BPD may issue a written Stop-Work Order if conditions endanger performance or pose immediate risks, directing the Subgrantee to immediately suspend work for a specified period if conditions are not remedied after notice. Subgrantee resumes work only upon written cancellation by BPD. Costs incurred during a Stop-Work Order are generally unallowable unless specifically authorized by BPD.

5. Grant Agreement Term / Period of Performance

Overall Period of Performance: This Grant Agreement is effective from the Grant Date (Section A) and shall conclude upon BPD's final closeout of this Subaward. To align with the CNMI BEAD Program's overarching federal award, the absolute end date of the overall Period of Performance for this Agreement shall be no later than June 30, 2032. Furthermore, all deployment subgrant activities must be completed at least 120 days prior to the end of the Eligible Entity's own period of performance (no later than March 2, 2032) to allow sufficient time for BPD to close out the subgrant in an orderly fashion.

4-Year Deployment Deadline: Distinct from the overall Period of Performance, the Subgrantee must complete Project construction, achieve all build-out milestones, and begin providing Qualifying Broadband Service to all customers in the Project area not later than four (4) years after the Grant Date, unless an explicit extension is granted by BPD and NTIA. Progress and payments are governed by the milestones in Exhibit S (Fixed-Amount Subaward Milestones).

10-Year Federal Interest Period and Surviving Obligations: Certain obligations strictly survive the Closeout Date and the overall Period of Performance. Specifically, obligations related to:

- Project Property use, management, disposition, and federal interest (Section 8.02 and Exhibit M (Documentation of Federal Interest in Property)).
- Ongoing service obligations, including the commitment to offer the Low-Cost Broadband Service Option (Section 6.02).

These surviving obligations remain in full effect throughout the **10-year Federal Interest Period**, which commences upon the acquisition or improvement of Project Property and concludes on December 31st of the tenth (10th) calendar year following the calendar year in which the Closeout Date occurs.

6. Funding

6.01 Source of Funds:

Per Exhibit B (Source of Funds Schedule) detailing federal and matching funds sources.

6.02 Conditions for Receipt of Grant Funds / Service Obligations:

Receipt and continued disbursement of Grant Funds are conditioned upon ongoing compliance with all Agreement terms, including the following service obligations and requirements, which apply throughout the Period of Performance and, where specified, the Federal Interest Period:

1. **Protecting the BEAD Program from Defaults Certification:** Pursuant to NTIA BEAD General Terms and Conditions No. 51, it is an absolute condition precedent to the receipt of any Grant Funds under this Agreement that the Subgrantee execute and submit the standalone certification provided in Exhibit T (Protecting the BEAD Program from Defaults Certification). BPD shall not release, disburse, or otherwise make available any BEAD Grant Funds to the Subgrantee until this standalone certification is signed by an authorized representative of the Subgrantee and submitted to BPD. The Subgrantee acknowledges that participation in the BEAD Program is contingent upon making this commitment, and BPD is legally required to submit the Subgrantee's signed certification to NTIA within thirty (30) days of receipt
2. **Service Availability and Installation:** Subgrantee shall provide Qualifying Broadband Service (Section 3, Exhibit R (Documentation of Federal Interest in Property)) to all BSLs and CAIs (Exhibit A (Project Description and Scope of Work), Attachment 2). Standard installation must occur within ten (10) business days of a valid service request (Section 4.03).

3. **Affordability - ACP Participation and Low-Cost Service Option:**

- a. **ACP Participation:** Subgrantee must participate in the FCC's Affordable Connectivity Program (ACP) or any successor program for the duration of the Federal Interest Period, allowing Eligible Subscribers to apply the benefit to any service plan over the Funded Network.
- b. **Low-Cost Broadband Service Option:** Subgrantee shall offer at least one Low-Cost Broadband Service Option to Eligible Subscribers within the Project service area(s) for the duration of the Federal Interest Period. This option must meet minimum requirements:
 - i. **Speed & Latency:** Provides speeds of at least 100 Mbps download / 20 Mbps upload and latency ≤ 100 ms.
 - ii. **Usage Limits & Fees:** Is not subject to data caps, surcharges, usage-based throttling, or non-recurring installation/initiation fees. Subject only to the same acceptable use policies as other residential plans.
 - iii. **Upgrades:** Permits Eligible Subscribers to upgrade to any subsequently offered low-cost plan with better technical specifications at no additional cost.
 - iv. **Notice of Material Changes to Low-Cost Broadband Service Option:** Subgrantee shall provide BPD with at least thirty (30) days' prior written notice before implementing any modification, discontinuation, or other material change to the Low-Cost Broadband Service Option required by this Agreement. "Material change" includes, but is not limited to, changes in price or fees; reductions in advertised or delivered speeds or latency below the minimum standards required by this Agreement; introduction of data caps, surcharges, usage-based throttling, or non-recurring installation/initiation fees for Eligible Subscribers; removal of the Low-Cost Option from the Project service area; changes to eligibility or enrollment procedures that make the option materially harder to obtain; or any change that would materially reduce service availability, eligibility, or consumer protections applicable to the Low-Cost Option. The notice must: (a) describe the proposed change(s) in sufficient detail for BPD to evaluate the impact; (b) explain the reason(s) for the change(s); (c) identify the date Subgrantee proposes the change(s) will take effect; and (d) include any proposed mitigation measures to preserve access and affordability for Eligible Subscribers. During the thirty (30) day notice period, Subgrantee shall not implement the proposed change(s) unless BPD provides prior written approval. If BPD determines the proposed change(s) would materially impair compliance with this Agreement or the goals of the BEAD program, BPD may require the Subgrantee to withdraw or modify the proposed change(s) or to implement specified mitigation measures to protect Eligible Subscribers. This notice requirement is in addition to, and does not limit, any other approval, reporting, or consumer-notice obligations under this Agreement or applicable law.

4. **Middle-Class Affordability:** Subgrantee must support middle-class affordability goals by offering reasonably priced high-quality services.

5. **Installation, Drop Costs, and Customer Premises Equipment (CPE):** The Subgrantee may charge reasonable, standard installation fees to customers in BEAD-funded areas. However, the Subgrantee is strictly prohibited from charging customers for special construction costs, the extension of the network, or drop costs. These network extension costs are eligible BEAD project expenses and must be covered by Award Funds rather than passed on to the consumer.
6. **LEO Capacity Subgrants:** If this Subaward is a LEO Capacity Subgrant, the Subgrantee must provide all necessary Customer Premises Equipment (CPE) at no cost as part of the standard installation for each new subscriber (i.e., for each new resident or group of residents) at the BEAD-funded location throughout the period of performance. If the same subscriber requests additional CPE after the initial installation, the Subgrantee may charge customary rates unless the request is made due to equipment malfunction or damage caused by a weather event.
7. **Access to Service:** Subgrantee shall provide access to services offered over the Funded Network on reasonable and non-discriminatory terms and conditions to each customer desiring service.
8. **Public Notice and Awareness Campaigns:** Must conduct effective campaigns highlighting the value of broadband, the Low-Cost Option, and federal subsidy programs (like ACP). Campaigns must be equitable, non-discriminatory, utilize diverse media, and provide materials in appropriate languages. Upon network deployment completion, Subgrantee must provide and share public notice of service availability with BPD.
9. **Interconnection and Wholesale Access (Middle Mile):** If the Project includes Middle Mile Infrastructure, the Subgrantee shall permit other providers to interconnect at any technically feasible point on reasonable, non-discriminatory rates, terms, and conditions, consistent with BEAD NOFO. Subgrantee must negotiate in good faith and report on requests via Exhibit G.
10. **Wholesale Obligation on Default / Continuity of Service:** If Subgrantee is unable or unwilling to continue providing retail service during the Federal Interest Period, it must take remedial action, approved by BPD/NTIA, to ensure continuity of service. This may include (i) selling wholesale network capacity at reasonable, non-discriminatory rates, or (ii) selling the Funded Network to a qualified provider who commits to fulfilling all BEAD Program obligations.
11. **Cybersecurity and Supply Chain Risk Management (SCRM) Plans:**
 - a. **Requirement:** Subgrantee must have and maintain operational Cybersecurity Risk Management and SCRM plans that meet BEAD NOFO (Section IV.C.2.c.vi) and CNMI Initial Proposal (Section 2.16.4) requirements, aligning with current NIST standards and frameworks.
 - b. **Submission & Updates:** Both plans must be submitted to BPD for review and acceptance prior to the first allocation of Grant Funds for deployment activities. Substantive changes require resubmission within thirty (30) days. Plans must be periodically reevaluated and updated. Compliance attestation is required via Exhibit K (Cybersecurity and Supply Chain Risk Management Attestation).
 - c. **Third-Party Reliance:** If relying on third-party network facilities, Subgrantee must obtain attestations from that provider regarding equivalent Cybersecurity and SCRM practices.
12. **Financial and Operational Assurances:**

- a. **Financial Qualifications:** Subgrantee certifies it possesses the financial capability to meet obligations, including covering costs between reimbursements.
 - b. **Letter of Credit (LoC) / Performance Bond:** Prior to NTPC, Subgrantee must provide and maintain an irrevocable standby LoC or Performance Bond acceptable to BPD, in an amount equal to at least ten percent (10%) of the total Grant Funds amount (or higher if in Exhibit C (Evidentiary Materials List including Procurement Policies)), consistent with NTIA waiver and CNMI Initial Proposal (Section 2.4.11). Requirements for eligible institutions and potential for reduction are detailed in Exhibit C and CNMI BEAD Program Procedures. An LoC requires a legal opinion regarding bankruptcy treatment.
13. **Recordation of Federal Interest:** As a condition for disbursement of Grant Funds for acquisition or improvement of Project Property, Subgrantee must properly perfect BPD's/USDOC's security interest and record the Federal Interest by filing a UCC-1 financing statement or equivalent instrument (Section 8.02, Exhibit M (Documentation of Federal Interest in Property)). Proof of filing must be provided to BPD.
14. **Other Compliance Requirements:** Compliance with all other requirements, including Labor Practices (Section 7.02) and Procurement Standards (Section 8.01, including outreach to MBEs/WBEs).

6.03 Matching Funds:

- 1. **Requirement:** Subgrantee must provide non-federal Matching Funds in U.S. Dollars (USD). This is detailed in Exhibit B (Source of Funds Schedule). CNMI Initial Proposal requires a minimum match commitment of not less than twenty-five percent (25%) of total Project costs, unless a waiver is granted, or a higher percentage is specified herein.
- 2. **Permissible Sources:** Match may be provided by the Subgrantee, BPD (if applicable/documented), local government, utility, cooperative, nonprofit, for-profit company, or other eligible sources, consistent with the BEAD NOFO.
- 3. **Permissible Types & Limitations:**
 - a. **Form:** May be provided in the form of cash or documented in-kind contributions (valued per 2 C.F.R. § 200.306). BPD generally requires cash. In-kind contributions (e.g., donated IRUs) are only permitted in limited circumstances and require prior written valuation and approval from BPD.
 - b. **Federal Funding Limitations:** Funds from most other Federal programs (including FCC's Universal Service Fund programs) may **not** be used as Matching Funds. Exceptions include funds from a federal regional commission or authority, and certain funds from COVID-relief acts (e.g., SLFRF, CPF), to the extent permitted by those laws. Loan funding from a federal agency (e.g., USDA ReConnect) may also be used.
- 4. **Record-Keeping and Verification:** Subgrantee is solely responsible for accurately tracking and documenting all Matching Funds (cash and in-kind) and maintaining detailed, verifiable records for verification by BPD, NTIA, and auditors. Records must comply with Section 12.02 and 2 C.F.R. Part 200.

5. **Applicability to Subaward Type:** The match requirement applies regardless of whether the Subaward is fixed-amount or cost-reimbursement.
6. **Fund Utilization:** Grant Funds may be reimbursed on a pro-rata basis alongside documented Matching Funds contributions for eligible expenses, up to the maximum Grant Funds amount.

6.04 Maximum Amount Available:

Not to exceed amount specified in Exhibit B (Source of Funds Schedule), paid on a reimbursement basis consistent with the approved budget; changes require written amendment.

6.05 Subject to Funds Availability:

This Agreement is contingent on the availability of federal/state funds; BPD reserves the right to reduce/terminate funding upon notice without breach liability.

6.06 Program Income:

Subgrantees may retain program income generated from funded activities; profit/fees are not allowable costs under grant funds.

7. Authorizing Statutes and Regulations

7.01 Environmental, Cultural, and Right of Way Review Responsibilities; Notice to Proceed with Construction (NTPC):

1. The Subgrantee acknowledges that activities are subject to the National Environmental Policy Act (NEPA), the National Historic Preservation Act (NHPA), the Endangered Species Act (ESA), and other related federal and CNMI environmental and cultural resource laws. Subgrantee must cooperate fully with BPD and relevant agencies in completing all required reviews. Subgrantee must complete and submit the environmental checklist and forms in Exhibit D (Environmental and Historic Preservation (EHP) Compliance Requirements) and any additional information required.

No construction or ground-disturbing activities may commence prior to the completion of all required reviews and issuance of the NTPC by BPD.

2. Projects costing in excess of \$150,000 are subject to the Clean Air Act and the Federal Water Pollution Control Act. Subgrantee shall ensure compliance.
3. The Subgrantee is responsible for complying with all applicable CNMI permitting requirements (e.g., DEQ/BECQ, CRM, DPW, DPL, municipal authorities). Subgrantee is encouraged to utilize the CNMI One-Start Permitting process. Compliance with requirements in Exhibit E (Permitting Guidelines and Regulatory Compliance) is mandatory before BPD issues an NTPC.

4. Subgrantee must consult and coordinate with the CNMI Historic Preservation Office (HPO) regarding Section 106 of the NHPA. Subgrantee must receive communication indicating the completion of the Section 106 review process before BPD issues an NTPC.
5. Subgrantee shall refrain from undertaking any physical construction or ground-disturbing activities until all applicable permits and clearances have been submitted to BPD and BPD has issued a written NTPC.
6. Subgrantee agrees to provide BPD with all available environmental information and any additional information requested by BPD or NTIA for environmental reviews.
7. Subgrantee agrees to promptly advise BPD in writing of any proposed change in the Project scope or any change in environmental conditions discovered during implementation (e.g., discovery of unexpected cultural resources or endangered species habitat). Such changes may require additional environmental review.
8. Subgrantee is legally bound by the specific federal permitting flow-down obligations mandated by NTIA BEAD General Terms and Conditions 13.D, including commitments regarding pole attachments, fee minimization, and Permitting Roundtables, as fully detailed in Exhibit E (Permitting Guidelines and Regulatory Compliance).
9. **Eminent Domain:** Subgrantee shall not use eminent domain for the purpose of advancing the economic interests of private parties. Any use of eminent domain requires prior written consent from NTIA. Use without consent is unauthorized and may result in enforcement actions.
10. **Flood Disaster Protection Act:** If the Project involves acquisition or construction within a special flood hazard area, the Subgrantee shall purchase and maintain required flood insurance and provide proof to BPD upon request.

7.02 Federal Labor and Employment Law Compliance:

Pursuant to the NTIA BEAD Restructuring Policy Notice and 47 U.S.C. §1702(h)(1)(A)(iv)(IV), the Subgrantee shall satisfy the statutory requirement regarding fair labor practices by submitting a self-certification of compliance with all applicable Federal labor and employment laws. This certification shall be submitted to BPD prior to the disbursement of funds, as identified in Exhibit C (Evidentiary Materials List).

8. Procurement and Property Standards

8.01 Procurement Standards:

1. **Secure and Trusted Communications Networks Act:** Award Funds (Grant Funds and Matching Funds) may not be used to procure, obtain, or extend a contract for any covered communications equipment or service identified as posing an unacceptable risk to national security (Section 9 of the Act, 2 C.F.R. § 200.216). Subgrantee must refer to the FCC's published "Covered List."

2. **Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment:** Award Funds may not be used to procure certain telecommunications and video surveillance services or equipment from specific entities, as detailed in 2 C.F.R. § 200.216.
3. **Prohibition Regarding People's Republic of China:** Pursuant to the IIJA, BEAD funding may not be used to purchase or support fiber optic cable and optical transmission equipment manufactured in the People's Republic of China, unless a waiver is received from the Assistant Secretary. This is independent of BABA.
4. **Build America, Buy America Act (BABA) Compliance:** Funds are subject to BABA requirements for domestically produced iron, steel, manufactured products, and construction materials for infrastructure projects.
 - a. **General Requirement:** Subgrantee must comply with BABA unless a waiver is granted. Subgrantee shall consult the Act and OMB guidance M-22-11.
 - b. **CNMI Waiver Status:** The temporary general applicability public interest waiver for U.S. Pacific Island territories (including CNMI, issued Sept 1, 2023) is in effect, and NTIA has indicated it will remain in effect for all BEAD-related projects implemented during the planning phases. Subgrantees must consult the most recent guidance from BPD and NTIA.
 - c. **Encouraged Compliance:** Notwithstanding any waiver, the Subgrantee is strongly encouraged to make every effort to Build America, Buy America whenever possible.
 - d. **Compliance Responsibility & Documentation:** If the waiver expires or is inapplicable, the Subgrantee is fully responsible for compliance for all procurements using Award Funds (including Matching Funds). Failure to comply may result in enforcement actions. Subgrantee must maintain documentation demonstrating compliance or the applicability of the waiver.
5. **Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms (2 C.F.R. § 200.321):** Subgrantee must take all necessary affirmative steps to assure that minority businesses, women's business enterprises (WBEs), and labor surplus area firms are used when possible, consistent with CNMI Initial Proposal Section 2.9. Affirmative steps include placing them on solicitation lists, soliciting them, dividing requirements into smaller tasks, establishing suitable delivery schedules, using SBA/MBDA assistance, and requiring contractors to take the same steps.
6. **Domestic Preferences for Procurements (2 C.F.R. § 200.322):** To the greatest extent practicable, the Subgrantee should provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This requirement must be included in all subawards, contracts, and purchase orders and is distinct from BABA.
7. **Procurement of Recovered Materials (2 C.F.R. § 200.323):** Subgrantee must comply with section 6002 of the Solid Waste Disposal Act (42 U.S.C. § 6962), including procuring items designated in EPA guidelines containing the highest percentage of recovered materials practicable, when the purchase price or annual value exceeds \$10,000.
8. **Required Contract Provisions (2 C.F.R. § 200.327):** Contracts funded under this Agreement must contain the applicable contract provisions described in Appendix II to 2 C.F.R. Part 200. Subgrantee is responsible for determining applicability.

9. **Submission of Procurement Policies:** Subgrantee must provide a copy of its current procurement policies and procedures as part of the required documentation in Exhibit C (Evidentiary Materials List), unless already provided and accepted.
10. **CNMI Public Entity Procurement:** If the Subgrantee is a public entity of the CNMI, it must comply with all applicable CNMI procurement laws in addition to federal requirements.
11. **Insurance:** Subgrantee is responsible for obtaining and maintaining appropriate types and levels of insurance as specified in Exhibit C (Evidentiary Materials List), CNMI Law and as required by 2. C.F.R. Parts 180, 200, 1200, and 1326.

8.02 Property Standards (Property, Equipment and Supplies):

1. **Procurement Standards Applicability:** Pursuant to the UGPN, the Subgrantee is not required to comply with the specific federal Procurement Standards set forth in 2 C.F.R. §§ 200.318 through 200.320 and §§ 200.324 through 200.326 for this BEAD broadband infrastructure deployment Subaward. All other applicable Procurement Standards (Section 8.01) remain in effect.
2. **Useful Life and Federal Interest Period:** The required useful life of Project Property (real property or equipment acquired or improved with Award Funds) shall coincide with the Federal Interest Period. The Federal Interest Period continues through the end of the tenth (10th) calendar year following the calendar year of the Closeout Date. Obligations survive the Period of Performance.
3. **Property Management, Use, and Disposition:** Title vests in the Subgrantee, subject to the following conditions which apply throughout the Federal Interest Period:
 - a. **Equipment Management:** Subgrantee must follow their existing commercial practices for managing equipment (including inventory controls and loss prevention procedures); otherwise, 2 C.F.R. § 200.313(d) applies.
 - b. **Use and Disposition:** Must comply with 2 C.F.R. § 200.313(c)(4) and § 200.313(e). Subgrantee may sell, lease, or transfer Project Property only after securing the successor/transferee's written agreement to comply with BEAD requirements and obtaining prior written consent from BPD and NTIA. Subgrantee must notify BPD/NTIA immediately of any bankruptcy petition.
 - c. **Recording Federal Interest:** Subgrantee must record liens or other appropriate notices (e.g., a UCC-1 filing) to indicate the Federal Interest in Project Property. Specific requirements are in Exhibit M (Documentation of Federal Interest Property). Proof of recordation must be provided to BPD.
 - d. **Encumbrances:** Subgrantee may encumber Project Property only after prior written notice to BPD and NTIA, and subject to the requirement that the USDOC receives either a first priority security interest (preferred) or a shared first priority security interest (pari-passu basis) in the Project Property, entitling USDOC to a pro-rata share upon liquidation.
 - e. **Supplies and Intangible Property:** Pursuant to the UGPN, property standards for Supplies (2 C.F.R. § 200.314) and Intangible Property (2 C.F.R. § 200.315) generally do not apply to this Subaward.

- f. **Property Trust Relationship:** Subgrantee must comply with 2 C.F.R. § 200.316 and hold Project Property in trust for the beneficiaries of the BEAD Program throughout the Federal Interest Period.
 - g. **Insurance:** Subgrantee must comply with 2 C.F.R. § 200.310, providing insurance coverage for Project Property equivalent to that for property owned by the Subgrantee, including, where applicable, Builder's Risk and General Liability coverage. Specifics listed in Exhibit C (Evidentiary Materials List).
- 4. **Federally-Owned Property:** If Federally-owned real property or equipment is used, Subgrantee must comply with 2 C.F.R. § 200.312.

8.03 Prior Approval for Equipment and other Capital Expenditures:

Capital expenditures for general purpose equipment, special purpose equipment, buildings, land, and improvements are generally unallowable as direct costs without the prior written approval of BPD (consistent with 2 C.F.R. § 200.439). Any such expenditure must be explicitly identified and justified in the Application (Attachment 2) and included as a distinct line item in the approved Project Budget (Exhibit B (Source of Funds Schedule)). Subgrantee must obtain specific written approval from BPD before incurring costs for capital expenditures not in the approved Budget or before making changes to approved ones. Special terms/restrictions may be disclosed in Exhibit I (Special Terms and Conditions).

9. Payment Terms and Conditions

9.01 Payment Methodology:

Payments will be made based on requests submitted by the Subgrantee using the

CNMI Grant Disbursement Request Form (Exhibit F), supported by documentation. The basis depends on the Subaward structure:

- **For Cost-Reimbursement Subawards:** Payments reimburse the Subgrantee for actual, allowable, documented, and reasonable costs incurred, consistent with the approved Budget (Exhibit B (Source of Funds Schedule)).
- **For Fixed-Amount Subawards:** Payments are contingent upon the Subgrantee's satisfactory completion and BPD's verification of specific, measurable milestones defined in Exhibit S (Fixed-Amount Subaward Milestones). Payment requests (Exhibit F (Grant Disbursement Request Form)) must certify milestone completion and include supporting documentation.

Payments are fixed based on milestone achievement, not actual costs incurred.

9.02 Payment of Invoice/Request:

1. For payment requests related to construction (under either structure), Subgrantee must submit required supporting documentation, including PE-certified or a qualified degreed engineer of the engineered designs (or equivalent approved under Section 4.04) relevant to the work/milestone, unless waived by BPD.
2. BPD pays upon review and approval of the submitted request (Exhibit F (Grant Disbursement Request Form)) and supporting documentation, confirming consistency with allowable costs/verified milestone completion, the approved Budget (Exhibit B (Grant Disbursement Request Form)), and Agreement terms.
3. Payment by BPD does not prejudice BPD's right to object to or question any cost or matter later. It is not construed as acceptance of work/service or approval of ineligible costs.

9.03 Unallowable Costs:

Payment requests are subject to reduction for amounts determined by BPD, NTIA, or auditors not to constitute allowable costs. Subgrantee is liable to repay BPD for any payments made for subsequently determined unallowable costs.

9.04 Deductions & Withholdings:

1. BPD may deduct amounts from payments or withhold payments requested by the Subgrantee under this or any other agreement with BPD/CNMI if the Subgrantee fails to comply with any requirements or if necessary to protect BPD's interests.
2. Withheld funds may be released upon satisfactory correction of the condition, at BPD's sole discretion.
3. **Retainage:** (Subject to final BPD policy) BPD will retain ten percent (10%) of each payment due until the Project is fully completed, formally accepted by BPD, and all closeout documents and reporting requirements (Section 12.04) have been submitted and approved.

10. Standards for Financial Management

10.01 Financial Management System:

1. As required by 2 C.F.R. § 200.302(b) and §§ 200.334-337, the Subgrantee's financial management system must provide for the following:
 - a. Identification of all Federal awards received and expended and the Federal programs under which they were received. This identification must include the Assistance Listings title and number (BEAD is 11.035), Federal award identification number (FAIN), year the Federal award was issued to BPD, and the name of the Federal agency (NTIA) and pass-through entity (BPD).

- b. Accurate, current, and complete disclosure of the financial results of this Subaward in accordance with the reporting requirements (2 C.F.R. §§ 200.328, 200.329, and Section 12 / Exhibit G (Reporting Requirements List & Compliance Documentation)).
 - c. Records that adequately identify the source and application of funds for federally-funded activities. These records must contain information pertaining to the Subaward, authorizations, obligations, unobligated balances, assets, expenditures, income and interest, and be supported by source documentation (e.g., invoices, timesheets, receipts).
 - d. Effective control over, and accountability for, all funds, property, and other assets. The Subgrantee must adequately safeguard all such assets and assure they are used solely for authorized purposes (consistent with 2 C.F.R. § 200.303, Internal controls).
 - e. Comparison of expenditures with budgeted amounts for this Subaward (Exhibit B (Source of Funds Schedule)).
 - f. Written procedures to implement the requirements of 2 C.F.R. § 200.305 (Payment).
 - g. Written procedures for determining the allowability of costs in accordance with Subpart E of 2 C.F.R. Part 200 (Cost Principles) and the terms and conditions of this Subaward.
2. The Subgrantee's financial and accounting records pertaining to this Agreement must allow for accurate reporting and must support closeout of the Subaward, identifying any excess revenues over expenditures for the Project.

10.02 Cost Principles:

- 1. The Subgrantee acknowledges and agrees that Award Funds (Grant Funds and Matching Funds) shall be used solely for costs incurred for the implementation and operation of the Project that are allowable under the terms of this Agreement and applicable cost principles.
- 2. The allowability of costs incurred under this Subaward shall be determined in accordance with:
 - a. The terms and conditions of this Agreement;
 - b. The governing authorities listed in Section 2 of this Agreement; and
 - c. The Federal cost principles applicable to the Subgrantee's organization type:
 - i. For CNMI governmental entities, non-profit organizations, and institutions of higher education: 2 C.F.R. Part 200, Subpart E – Cost Principles.
 - ii. For commercial (for-profit) organizations: 48 C.F.R. Part 31, Contract Cost Principles and Procedures (Federal Acquisition Regulation - FAR), unless BPD or NTIA has provided written notification that 2 C.F.R. Part 200, Subpart E applies.
- 3. To be allowable, costs must be reasonable, necessary for performance, allocable to this Subaward, incurred during the approved Period of Performance (except for approved pre-award costs), adequately documented, treated consistently, and conform to the limitations or exclusions set forth in the applicable cost principles, federal regulations, the BEAD NOFO, and this Agreement. Costs must also be determined in accordance with generally accepted accounting principles (GAAP), except as otherwise provided in the Uniform Guidance.
- 4. Costs associated with pre-implementation activities are subject to the restrictions outlined in Section 4.04 and related BPD/NTIA guidance regarding NTPPIA.

5. The Subgrantee shall perform all necessary efforts to assist BPD in verifying for the benefit of CNMI and Federal auditors that Award Funds have been expended in a manner consistent with all applicable requirements.

10.03 Eligible and Ineligible Costs:

1. Specific eligible and ineligible costs are determined based upon the authorities cited in Section 2, including the BEAD NOFO, applicable cost principles (Section 10.02(b)), and guidance in the CNMI BEAD Program Procedures.
2. The Subgrantee shall refund to BPD any expenditures paid with Grant Funds that are subsequently determined to be ineligible or unallowable.

Matching Funds may not be used to pay for costs deemed ineligible or unallowable under the Program.

3. The Subgrantee is responsible for any Project costs that exceed the total Award Funds specified in Section 4.02(a) and Exhibit B (Source of Funds Schedule). If Award Funds are insufficient, the Subgrantee must still fulfill its performance obligations.
4. Award Funds may only be used to supplement, and not supplant, amounts the Subgrantee would otherwise make available.
5. The Subgrantee must not seek reimbursement under this Subaward for the same cost item that has been or will be reimbursed by another funding source. Subgrantee must immediately provide written notice to BPD if other financial assistance is received after the Grant Date to fund any portion of the Project Description and Scope of Work (Exhibit A) covered by this Agreement.
6. Costs that appear excessive, are not adequately justified, or are not considered eligible will not be reimbursed.
7. Specific ineligible costs explicitly identified in the BEAD NOFO Section V.H.2 include but are not limited to procurement of certain covered communications equipment or services, profit or fees for the Subgrantee, and funds used to support or oppose collective bargaining.
8. **Prohibition on Supplantation of Funds.** Consistent with 47 U.S.C. § 1702(l) and BEAD NOFO Section V.H.2, Grant Funds awarded under this Agreement shall be used to supplement, and not supplant, the amounts that the Subgrantee or Eligible Entity would otherwise make available for the purposes for which the grant funds may be used.

11. Audits and Monitoring

11.01 Audit Requirements:

1. **Cooperation:** The Subgrantee shall cooperate fully with BPD, USDOC, NTIA, the USDOC Office of Inspector General (OIG), the U.S. Government Accountability Office (GAO), and CNMI auditors with respect to any audit, review, or investigation relating to this Agreement.

2. **Public/Non-Profit Subgrantees:** If the Subgrantee is a CNMI governmental entity, non-profit organization, or Institution of Higher Education, and expends \$750,000 or more in Federal awards (from all sources, including this Subaward) during its fiscal year, the Subgrantee is subject to the Single Audit requirements in the Uniform Guidance (2 C.F.R. Part 200, Subpart F). The reporting package must be submitted to the Federal Audit Clearinghouse (FAC).
3. **Commercial Subgrantee Audit Compliance:** For Subgrantees designated as commercial entities, the Subgrantee is not subject to the single audit requirement of 2 C.F.R. § 200.501(f) but remains subject to 2 C.F.R. § 200.501(g) and the specific audit requirements stipulated in this Subgrant Agreement. The Subgrantee shall cooperate fully with BPD to ensure adequate monitoring, pre-award audits, and post-award audits are conducted to meet the Grantee's responsibility for subgrantee audit compliance.
4. **Commercial (For-Profit) Subgrantees:** If the Subgrantee is a commercial, for-profit entity, it is not subject to 2 C.F.R. Part 200, Subpart F. However, if it expends \$750,000 or more in federal award funds (from USDOC sources, including this Subaward) during its fiscal year, the Subgrantee shall submit annually either: (1) a financial-related audit of each USDOC award/subaward conducted in accordance with Generally Accepted Government Auditing Standards (GAGAS); OR (2) a program-specific audit for each award/subaward conducted in accordance with 2 C.F.R. § 200.507. Audits must be completed and submitted to BPD and the NTIA Federal Program Officer within the earlier of 30 calendar days after receipt of the report(s), or nine months after the end of the audit period.
5. **Audit Costs:** Allowable costs associated with required audits may be budgeted and charged to this Subaward (2 C.F.R. § 200.425), subject to the cost principles and inclusion in the approved Budget (Exhibit B (Source of Funds Schedule)).
6. **Federal Audits:** NTIA, the USDOC OIG, GAO, or other authorized federal agencies may conduct an audit or review of this Subaward at any time.

11.02 Monitoring:

1. **General:** Subgrantee activities are subject to monitoring by BPD and NTIA to ensure Grant Funds are used for authorized purposes, compliance with laws and Agreement terms, and achievement of performance goals (Exhibit R (Performance Measures)) and milestones (Exhibit S (Fixed-Amount Subaward Milestones)).
2. **Access and Cooperation:** Subgrantee shall fully cooperate with BPD, NTIA, and their representatives, providing timely access (typically 14 calendar days' notice unless exigent circumstances) to relevant personnel, records, documents, data (including network performance data), systems, and project sites.
3. **Monitoring Activities:** May include review of reports (Exhibit G (Reporting Requirements List & Compliance Documentation)), desk reviews, site visits, inspection of work/facilities/equipment/records, review of financial management systems, verification of milestone completion, and requests for specific data.
4. **Corrective Action:** If deficiencies are identified, BPD shall notify the Subgrantee in writing, specifying the issue and required corrective action, along with a timeframe for completion

(typically 30 calendar days unless otherwise specified). Failure to implement required corrective actions may lead to remedies specified in Sections 4.06 and 11.04.

5. **Transparency, Accountability, and Oversight:**

- a. **Waste, Fraud, and Abuse Training:** BPD or NTIA may direct key personnel to complete Government-provided training on preventing waste, fraud, and abuse.
- b. **Required Disclosures:** BPD is obligated to disclose to the USDOC OIG any credible evidence of violations of federal criminal law (fraud, conflict of interest, bribery) or the civil False Claims Act in connection with this Subaward. Subgrantee must establish internal controls to ensure potential violations are reported promptly to BPD.
- c. **Monitoring for Fraud:** Subgrantee must monitor its activities and those of its contractors/subcontractors for common fraud schemes. Potential fraud must be immediately reported to: (i) the BPD point of contact (Exhibit H (Contact Information)); (ii) the assigned NTIA Federal Program Officer; and (iii) the USDOC OIG Hotline.
- d. **Notice of Reporting Mechanisms and OIG Hotline:** The Subgrantee shall inform its workforce in writing of (i) the USDOC Office of Inspector General (OIG) Hotline and available methods for submitting complaints or reports; and (ii) any internal reporting mechanisms or procedures established by the Subgrantee for reporting concerns related to waste, fraud, abuse, misuse of funds, or other misconduct in connection with this Subaward. Such written notice shall be provided to all existing workforce members within thirty (30) days of the Effective Date of this Subaward and to all new workforce members within thirty (30) days of hire, and shall be maintained in a manner reasonably calculated to ensure ongoing visibility, such as inclusion in employee handbooks, onboarding materials, and/or workplace postings.
- e. **Whistleblower Protections:** Employees of the Subgrantee, contractors, and subcontractors are subject to the whistleblower rights and remedies established under 41 U.S.C. § 4712. The Subgrantee shall inform its workforce of these rights in writing, in the predominant language of the workforce.

11.03 Failure to Comply:

Failure to comply with any requirements (Sections 11 or 12) or failure to respond timely to requests may result in BPD taking one or more remedial actions (consistent with 2 C.F.R. § 200.339 and Section 11.04), including disallowed costs, delayed payments, suspension, or termination (Section 4.06).

11.04 Remedies for Non-Compliance:

1. **General Authority:** BPD and NTIA may enforce applicable rules and the terms of this Agreement by taking remedial actions for non-compliance or failure to meet material obligations. Pursuant to the Infrastructure Investment and Jobs Act (IIJA) and BEAD Program rules, BPD does not have the authority to, and shall not, impose unauthorized monetary fines or penalties on the Subgrantee.
2. **Additional Conditions:** Enforcement actions may include the imposition of specific additional conditions (2 C.F.R. § 200.208).

3. **Remedies When Additional Conditions Insufficient:** BPD or NTIA may take one or more of the following permissible actions:
 - a. Temporarily withhold milestone payments.
 - b. Disallow all or part of the cost of the activity not in compliance.
 - c. Wholly or partly suspend or terminate this Agreement (Section 4.06).
 - d. Recommend the initiation of suspension or debarment proceedings by NTIA or USDOC.
 - e. Withhold further CNMI BEAD Program awards or other BPD/CNMI awards.
 - f. Take other remedies legally available.
4. **Clawback:** If the Subgrantee fails to comply with any material requirement (e.g., failure to meet deployment deadlines, service obligations, or low-cost plan requirements) and cannot remedy the failure, BPD, as directed by the Assistant Secretary, may require the Subgrantee to return (clawback) up to the entire amount of the Grant Funds disbursed, plus potential interest. If BPD is required by NTIA to return funds, the Subgrantee shall reimburse BPD.
5. **Reversion:** If the Subgrantee fails to perform materially and fails to return the full clawback amount, ownership and use of the funded infrastructure may, at BPD's discretion, revert to BPD or its designee.
6. **Make Whole:** If the Subgrantee fails to complete the Project materially due to an uncured default, BPD may require the Subgrantee to reimburse BPD the actual costs reasonably incurred to complete the Project.

12. Reports and Records

12.01 Required Reports:

1. The Subgrantee certifies it will comply with all applicable reporting requirements established by BPD, NTIA, and federal law/regulation. Specific requirements (content, format, frequency, due dates) are detailed in Exhibit G (Reporting Requirements List & Compliance Documentation), which may be updated periodically.
2. Subgrantee reports must comply with requirements for monitoring and reporting program performance (2 C.F.R. §§ 200.328 and 200.329), including comparing actual accomplishments to objectives and analyzing cost overruns. Financial reporting must comply with 2 C.F.R. § 200.328 and use standard forms like the SF-425 Federal Financial Report as specified in Exhibit G (Reporting Requirements List & Compliance Documentation).
3. Annually, for the duration of the Subgrant and throughout the Period of Performance, the Subgrantee must submit the following to BPD:
 - a. **Performance Measurement Documentation:** A detailed report documenting the methodology, standards, parameters, software, systems, and protocols used to measure the performance of the Funded Networks, including a change log noting any material changes from the previous submission.
 - b. **Detailed Per-Location Files:** Submission of detailed per-location files for each round of performance testing conducted.

- c. **Availability/Reliability Report:** An annual report of network outages, detailing any outages that exceeded the cumulative 48-hour threshold over the 365-day measurement period, including the number of locations exceeding the requirement and an explanation for the failure.
4. The Subgrantee shall provide BPD with all necessary information required for BPD to satisfy its own reporting obligations to NTIA/USDOC, including data for annual performance reports.
5. Prior to final payment and closeout, the Subgrantee shall provide BPD final as-built network documentation in a format approved by BPD.

12.02 Record Retention:

1. Consistent with 2 C.F.R. § 200.334, the Subgrantee must retain all financial records, supporting documentation (e.g., invoices, payroll), statistical records, contracts, performance data, and compliance records, including all subgrantee network designs, diagrams, project costs, build-out timelines and milestones for project implementation, and capital investment schedules submitted as a part of the application process, for a period of at least three (3) years from the date of submission of the subgrant's final expenditure report or final payment received under this Subaward, whichever is later.
2. If any litigation, claim, or audit is started before the expiration of the five-year period, records must be retained until all findings involving the records have been resolved and final action taken.
3. Records for real property and equipment acquired with Federal funds must be retained for five (5) years after final disposition.
4. The Subgrantee shall cooperate with BEAD Program reviews and evaluations by NTIA or its designees by submitting required information and cooperating with evaluators (2 C.F.R. § 200.329(d)).

12.03 Access to Records:

1. Pursuant to 2 C.F.R. § 200.337, the Subgrantee shall provide BPD, NTIA, the USDOC, the USDOC OIG, the Comptroller General (GAO), and their authorized representatives the right of timely and unrestricted access to any of the Subgrantee's records (including books, documents, papers, electronic records) that are pertinent to this Subaward, for the purpose of making audits, examinations, excerpts, transcripts, and copies.
Furthermore, the Subgrantee shall provide the CNMI Office of the Public Auditor access to and the right to examine and copy any records, data, or papers relevant to this Subaward for a period of three (3) years after the final payment under this Subgrant Agreement, as required by CNMI law.
2. This right of access also includes timely and reasonable access to the Subgrantee's personnel for interviews and discussion.
3. These rights of access are not limited to the required retention period but shall last as long as records are retained by the Subgrantee.

4. The Subgrantee waives any confidentiality, privacy privilege, or proprietary defenses regarding audits, monitoring, or access to records under this section, excluding only the attorney-client privilege where applicable.

12.04 Closeout:

1. Subaward closeout occurs when BPD determines (in accordance with 2 C.F.R. § 200.344) that all applicable administrative actions and required work have been completed. This includes confirming acceptance of all required final reports, resolution of all monitoring/audit findings, and final payment/settlement.
2. The Subgrantee must submit all final financial, performance, and other reports required by Exhibit G (Reporting Requirements List & Compliance Documentation) and BPD for closeout within ninety (90) calendar days after the end date of the Period of Performance, or such earlier date as BPD may require.
3. The Subgrantee must liquidate all financial obligations under this Subaward no later than 120 calendar days after the end date of the Period of Performance, unless extended by BPD. The Subgrantee must promptly refund any unobligated cash balances.
4. BPD will make any final settlement payments or seek recovery of amounts due within a reasonable period (e.g., typically within 90 days) after receipt and acceptance of all required final reports and determination of the final allowable costs and settlement amount.
5. Closeout of this Subaward does not affect:
 - a. BPD's or NTIA's right to disallow costs and recover funds based on a later audit or other review (2 C.F.R. § 200.345(a)).
 - b. The Subgrantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions (2 C.F.R. § 200.345(b)).
 - c. The Subgrantee's obligations regarding audits (Section 11.01), property management (Section 8.02), and record retention (Section 12.02), which extend beyond the closeout date (2 C.F.R. § 200.345(c)).

13. Standard Terms and Conditions

13.01 Representations and Warranties:

The Subgrantee represents and warrants that:

1. It is duly organized, validly existing, and authorized to do business in the CNMI.
2. The making and performance of this Agreement are within its powers, duly authorized, and do not contravene any law, regulation, decree, or contractual restriction binding on the Subgrantee.
3. This Agreement, when executed, will constitute the legal, valid, and binding obligations of the Subgrantee, enforceable in accordance with its terms.

4. As of the Grant Date, there are no pending or threatened actions or proceedings that may materially adversely affect its financial condition, operation, or ability to perform.
5. The Project developed and services provided shall be free from material defects in design and implementation, shall meet the specifications (including Exhibits/Attachments) throughout the Period of Performance, and the Subgrantee warrants the specific operating performance characteristics stated in the Application (Attachment 2) and Exhibit R. Until the Closeout Date, the Subgrantee shall, without additional charge to BPD, correct any such defects.

13.02 Required Approvals:

This Grant Agreement is not binding until it is approved and signed by the appropriate BPD and/or other authorized CNMI officials.

13.03 Modifications:

1. Modifications and change orders addressing material changes (e.g., terms, costs, funding, time of completion, or scope of work) must be made in writing and signed by authorized representatives of both BPD and the Subgrantee.
2. The Subgrantee must provide BPD a written statement verifying the impact of the change, including any price impact, within thirty (30) calendar days of receiving a request or identifying the need for a change.
3. If there is a price change, the Subgrantee must provide a detailed justification for the price increase or decrease, which must be reviewed and approved in writing by BPD prior to the change becoming effective.
4. No material changes in scope are authorized or to be implemented until a written change order or amendment is fully executed by both parties.
5. **Dispute Resolution:** Parties agree to attempt to resolve administrative and programmatic disputes informally. If unsuccessful, the matter may be escalated to the Special Assistant to the Governor for Broadband Policy and Development or Governor's Authorized Representative for a final determination on matters under BPD's administrative authority. Parties are encouraged to consider Alternative Dispute Resolution (ADR) (e.g., mediation). This process does not limit either party's right to pursue legal remedies (Section 18.08).

13.04 Assignment or Transfer:

The Subgrantee shall not modify, convey, sell, transfer, assign, delegate, or otherwise dispose of this Agreement or any portion thereof, or any right, title, or interest therein (including changes in control), without the prior, express written consent of BPD, which may be withheld at its discretion. Any assignment or transfer may also be subject to prior written approval from NTIA and/or NIST. Any attempted transfer without required consent(s) shall be void.

13.05 Subgranting:

The Subgrantee shall not enter into a subaward agreement (as defined in 2 C.F.R. § 200.1) for any of the work without obtaining the prior written approval of BPD. Approved subaward agreements shall be subject to applicable flow-down requirements. (This restriction does not apply to procurement contracts with contractors/subcontractors, which are governed by Section 8).

13.06 Completeness:

1. This Agreement, including all Exhibits and Attachments, constitutes the complete and entire understanding between the parties.
2. It supersedes all prior understandings, representations, negotiations, and agreements relating to this subject matter.
3. In the event of a conflict between Sections 1 through 19 of this Agreement and the approved Application (Attachment 2) or other Exhibits, the terms of Sections 1 through 19 shall generally govern, subject to the overall priority of authorities established in Section 2.

13.07 Severability:

If any term or condition of this Agreement is held to be invalid or unenforceable, the remaining terms and conditions shall not be affected and shall remain in full force and effect.

13.08 Successors and Assigns:

Subject to the restrictions on assignment in Section 13.04, this Agreement shall be binding upon and inure to the benefit of BPD and the Subgrantee and their respective successors and permitted assigns.

13.09 Waivers:

No term or condition of this Agreement shall be deemed to have been waived, except by written instrument signed by the party charged with such waiver. A waiver at any time of one provision shall not be construed as a waiver of any other provision or of the same provision at any other time.

13.10 Terms and Conditions Conflict:

Subject to the priority of authorities in Section 2, in the event of any conflict between the terms and conditions stated in Sections 1-19 and any terms or conditions set forth in any Exhibit or Attachment, the terms in Sections 1-19 shall generally prevail unless expressly stated otherwise in an Exhibit approved by BPD.

13.11 Access to Information, Software and Data:
